¹ If a practice has 14 or fewer patients in the denominator of a quality measure, the practice achieves incentive points if the practice's performance exceeds the goal. Otherwise, the practice's performance defaults to the overall network's performance to determine if incentive points are achieved.

² A practice achieves 50% of available incentive points for each measure exceeding the lower target, 75% of available incentive points for each measure exceeding the middle target, and 100% of incentive points for each measure exceeding the higher target.

³ If a practice is not participating in a CMHN agreement, Clinical Quality and Cost/Utilization points are re-distributed across applicable measures.

Overall 2025 Comments

- Engagement:

Attend CMHN meetings, report QI meetings, and complete LCM activity before end of the year.

- Clinical Quality:

4 of 26 practices achieving 48+ points out of 60.

- Cost & Utilization:

24 out of 26 practices achieving 30 points out of 30 (simulated based on YTD performance).

Measure performance rate is **below** the Lower Target threshold. Incentive points are **NOT** earned.

Measure performance rate is **exceeding the Lower Target**.

Measure performance rate is **exceeding the Middle Target**.

Measure performance is **exceeding the Top Target**.

XX.X% Blue text indicates measure rate exceeding the Lower Target but fewer than 15 patients included in measure.

XX.X% Red text indicates measure rate NOT exceeding the Lower Target but practice has fewer than 15 patients included in measure.

Important Disclaimer: The results presented above are based on available data and CMHN's application of the CMHN incentive distribution framework. Estimates are not guaranteed and are presented for evaluation purposes. As such, results are subject to change.

CMHN Primary Care Incentive Distribution Report [Simulation of Proposed Framework]

Based on Attributed Membership MY ending MY September 2024; Assumes ~\$9.350 Million to Distribute (Important: Amount to be distributed is estimated for simulation purposes and not yet finalized);

¹ - The incentive member months are determined by multiplying your practice's Total Member Months multiplied by the the Incentive Performance %.

² - Missed Opportunity incentive funds are those funds that the practice could have earned if the practice's incentive performance % was 100%.

Important Disclaimer: The results presented above are based on available data and CMHN's application of the CMHN incentive distribution framework. Estimates are not guaranteed and are presented for evaluation purposes. As such, results are subject to change.
