Top Recommendations & Tactics to Inform Quality Improvement in 2022

HPV Vaccination

HPV Vaccination Rates 37% Lower than MCV/Tdap

- **Key Tactics:**
 - Consider recommending the HPV vaccine at age 9 to help patients attain higher antibody levels and start conversations earlier for hesitant parents.
 - If vaccine refused at age 9, offer HPV vaccine bundled with other age 13 vaccinations as a standard of care.
- **Insights:**
 - HPV Vaccine rates vary dramatically between providers within each practice. Use Innovaccr CIN Quality Performance Dashboard to view your vaccination rates compared to your colleagues' rates within your practice.
 - Explore resources on the CMHN portal and below module to improve vaccination rates.
- **Resources:**
 - [Collaboration for Vaccine Education & Research \(CoVER\) Resource](#)
 - 20-30 minute self guided module, easily accessible online
 - Content developed by Pediatric Infectious Disease Society
 - Modules highlight:
 - HPV-Associated disease
 - HPV vaccine fundamentals
 - Recommending HPV Vaccine Effectively
 - Answering the most common questions

Ask all providers and care team members at your practice to complete the CoVER Module

Social Determinants of Health Screening & Referral Status Update

- o Congratulations to all practices for achieving the following SDOH milestones!
 - Updating practice screening to utilize validated, evidence based screening questions
 - Educating all care team members
 - Implementing follow up workflows for positive screens
- o Reminder: You can code for positive screen if you learn of a SDOH need that wasn't included on initial screening tool as long as there is an applicable z-code available. [Click here](#) to view all z-codes accepted by BlueKC.
- o Lift Up KC will be integrated into InNote soon! [Click to view the Lift Up KC in InNote Quick Guide to learn how to submit SDOH referrals for your patients within InNote.](#) If you or your care teams would like training on how to use Lift Up KC in InNote, please contact your PHM Network Representative.
- o Utilize our full-service 'Referral Partner' programs on Lift Up KC/Lift Up KC in InNote to help your patients: 'Community Services (Children's Mercy Only)' programs hosted by **Bishop Sullivan, El Centro, and Metro Lutheran Ministry**.

Reminder: Please consider completing/encourage the completion of the InNote User Experience Survey to help us enhance the InNote application. The electronic survey will be distributed by your PHM Network Representative in the coming weeks to all users who have used the InNote application in 2022. It will take less than 5 minutes to complete!
