Only 1 of the 2 Visits from 1 to 10 Months Can Be Telephonic

FOLLOW-UP CARE FOR CHILDREN PRESCRIBED ADHD MEDICATION - DEEP DIVE LESSONS LEARNED

*Blue KC 2019 Target: 53.0%
CHN Overall: 45.8%*

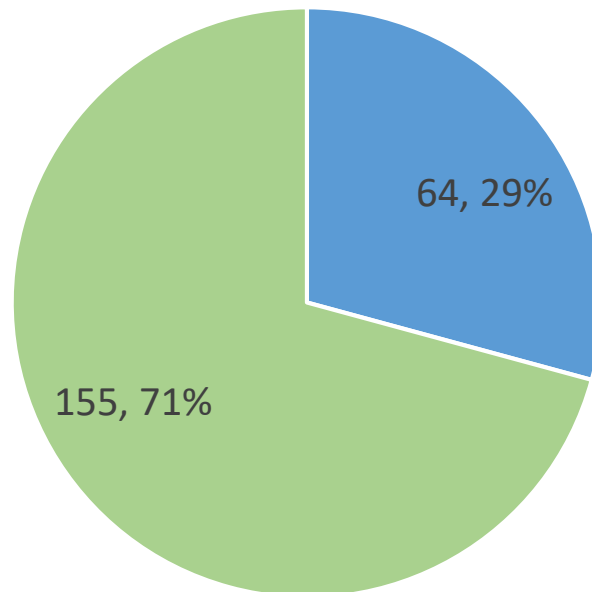

- **Key Quality Improvement Learnings & Considerations**

- Schedule both the initial ADHD visit and the 30 day follow up visit at the same time!
- Schedule follow up visit within 30 days before family leaves the clinic. Require an in-person visit to continue ADHD medication.
- Utilize nurse practitioners for the 30 day follow up visit.
- Avoid long ADHD medication holidays if possible
 - Supports patient's ability to learn life skills while away from school
 - Promotes improved behavior and more enjoyable family environment
- Utilize applicable ADHD medication resources ([ADHD Medication Guide](#), [ADHD Medication Clinic Visit Template](#))
 - Educate patient and family on ADHD medication decisions

FOLLOW-UP CARE FOR CHILDREN PRESCRIBED ADHD MEDICATION - DEEP DIVE LESSONS LEARNED

- **Additional ADHD Medication Holiday Analysis**

- 29% (64 of 219) of all ADHD patients had prior ADHD medication history (qualified due to gap of 120+ days with no ADHD Rx)
- However, only 40 of 64 patients with prior ADHD medication history were non-compliant

Non-Compliant Medication Holiday Patients: 18.3% (40 of 219) of Total

■ ADHD Patients with Medication Holiday

■ ADHD Patients without Medication Holiday
