CMHN's 2020 Clinical Integration Education Webinar is Now Available – Required Training for All Providers

[Click to view the Step-by-Step Guide](#) on how to access and complete the annual Children's Health Network Clinical Integration Training webinar. Below is an example of the email you received from CHN.

2020 Annual Children's Health Network training is now available!

This CMHN Clinical Integration Education Module is required for ALL physicians and advanced practitioners who are members of the CMHN. If you are receiving this email, you are required to complete this module by November 27, 2020.

The 2020 Clinical Integration Education module is a brief webinar on the importance and value of Social Determinants of Health (SDoH) screening to a patient's overall health. This webinar will help you understand why CMHN has begun screening for Social Determinants of Health, how to navigate a positive SDoH screening, resources available to your practice regarding SDoH, and the future state of SDoH screening within CMHN. The module will also include a review of the new name of the network and the Partnering to Make a Difference Campaign and an overview of the network and the current state of value based contracts.

The simplest way to access this training is to:

- Click your personalized link [here](#)
- This link belongs to you and cannot be shared with others. You will not need to sign into the portal for access.
- At the end of the module, you will be asked five short questions to acknowledge your understanding and completion of this training.

Please use the above link as it does not require CMHN Portal access.

If you have any questions or concerns, please contact your PHM Network Representative:

- Mary Arnold marnold@cmpcn.org
- Morgan Berger mberger@cmpcn.org
- Sabrina Byrnes sbyrnes@cmpcn.org
- Roxane Dill rdill@cmpcn.org
- Katie Edney kedney@cmpcn.org

If you have already completed this training there is no need for you to repeat it. Let your practice manager know so that we can stop future emails from being sent.

All staff are welcome to view the educational webinar but only physicians and advanced practitioners are required to complete the brief 15-minute webinar. After viewing the webinar, you will be required to complete a short 5-question survey to acknowledge your completion of the training.

The 2020 Children's Mercy Health Network Clinical Integration Education module is a brief webinar on the importance and value of Social Determinants of Health (SDoH) screening to a patient's overall health. This webinar will help you understand why CMHN has begun screening for Social Determinants of Health, how to navigate a positive SDoH screening, resources available to your practice regarding SDoH, and the future state of SDoH screening within CMHN. The module will also include a review of the new name of the network and the Partnering to Make a Difference Campaign and an overview of the network and the current state of value based contracts.
